TO WHOM IT MAY CONCERN

This is to certify that I had signed on 14th October 2015 a construction contract with M/S LYC Properties, represented by Mr.Henry Lacayo which they already build my house project of 203 M2 and located at the following address :

Apdo 326, Casa Pastor / 03650 Pinoso – Alicante, Spain

During my negotiation with Mr.Lacayo, I found him flexible and expert person with long experience on construction projects, and after I signed with him he was very helpful and accurate in everything, also very fast in work and caring a lot about the quality of his work, and based on that he managed to hand over my big project to me in less than 08 month which I consider it record time because I know about all the challenges which he face during the construction time.

After I received my project from M/S LYC Properties, Mr. Henry Lacayo was very helpful and efficient in terms of follow up and quick maintenance for any technical problems which might appear in a new house.

Mr.Henry Lacayo was generous enough to assist me in making my big garden around the house by recommending to me one of the best agriculture companies in Alicante region, also he assist me to find a very good furniture supplier with competitive prices, beside that he assist me in many other things which I needed for a new house.

I strongly recommend that any person is planning to build his new house, not to hesitate in signing with M/S LYC Properties and he will not regret at all.

I wish M/S LYC Properties great & successful future under Mr.Henry Lacayo management, and all the best.
